CERTIFIED RESPONSIBILITY™

Creating clothing responsibly isn't easy!

But with certificates, it can be. They guide us through the supply chain, from cotton field to final product, telling us what's okay. That's why our certificates are more than just funky looking stamps. They are your guarantee that Neutral® products are made according to the highest standards in the world.

FROM OKAY COTTON

TO OKAY T-SHIRT!

GOTS

Neutral® products are made from 100% organic cotton certified by GOTS. It's biological fertilizers and earthworms instead of chemicals, cleaner rivers and groundwater, enriched biodiversity and toxic free handpicking by the farmers.

NEUTRAL® RESPONSIBILITY

Instead of using conventional energy Neutral® products are manufactured using renewable energy. That way, Neutral® Responsibility helps reduce CO2 and is beneficial for both local environment and global climate.

License no. 19007

FAIRTRADE

Fairtrade isn't charity. It's an okay way to trade. Farmers growing Neutral® cotton receive a fair price for their crops. With the Fairtrade minimum price and Fairtrade Premium, they can invest in better tools or send their kids to school.

SA8000

Factory workers are hardworking people. It's okay when they have good, safe working conditions. By using SA8000, the highest international labour standard, we know that's the case.

License no. DK/016/049

EU ECOLABEL

We treat and reuse wastewater and reduce and recycle waste. We only use the most environmentally friendly dyes and continuously innovate the way we make clothing. All according to the highest industry requirements demanded by the EU Ecolabel.

OEKO-TEX

Oeko-Tex screens your finished product for hazardous chemicals and any other harmful substances. That way, Oeko-Tex becomes your final okay stamp and guarantee. Neutral® clothing is clean and ready to wear. No need to wash, just 100% okay!

MORE SUGAR PLEASE

Instead of spraying with toxic chemicals, Neutral[®] cotton farmers use biological pesticides like sugar water. Ants love sugar and now have a new best friend and food supply in the cotton plant, which they'll defend from intruders like beetles and pest attacks.

Okay ants. Okay crop protection!

OKAY FACT

HANDS ON

In India, cotton is mostly picked the old school way by hand. Conventional farming needs toxic chemicals. Picking that with your fingers isn't smart. But with organic cotton it's completely okay!

it's just okay!

OKAY FACT

JUST WEAR IT

Neutral® clothing is clean and ready to wear since we avoid all harmful chemicals throughout the production. So all you have to do is to go ahead and enjoy your new piece of sustainable clothing.

TIGER COTTON

Only 1.4% of the world's cotton is certified organic – we're here to change that. That's why we started Tiger Cotton®, a project in collaboration with WWF India.

Our goal is simple: To support cotton farmers in converting from conventional to organic farming, benefiting both people and the planet.

So far, more than 4,000 farmers have joined – and Tiger Cotton® has now grown into a full-scale, label free product line!

OKAY TIGER COTTON IN CONVERSION

HOW WE HELP PRESERVE AND PROTECT OUR BIODIVERSITY

TIGER CORRIDOR

Below you can see a map of our first Tiger Cotton project in Madhya Pradesh. When the tiger wanders from one nature reserve to the other the cotton fields function as an important tiger corridor. Without the toxic impact of pesticides in cotton farming the tiger, the wildlife, and the farmer can thrive.
